

SECOND ALEXANDER AND GIRL ARE NOW IN FEDERAL TOILS

Man Who Wrote Poems of Girl of Golden West Finds Himself in Grip of Indictment Charging Mann Act Violations.

PROVIDENCE, R. I., Dec. 4.—Col. Charles Alexander, millionaire, retired merchant, was arrested tonight by federal officers of Chicago on a warrant. He was released on \$7,500 bail, pending a hearing in Chicago the first Tuesday in January. His attorney is declared to have declined to allow Alexander to discuss the case but said he would show at the trial an attempt at blackmail, which failed and resulted in this action.

Alexander is widely known as a clubman. He is a member of the chamber of commerce, the Hope City Club of this city, the Squantum Club, the New York Athletic Club, the Boston Athletic Association and many other organizations. He has a residence in this city, a country home at Rumbold Point, and a third residence in Williamstown, Mass. He has a wife and two daughters.

GIRL OF GOLDEN WEST COMES INTO CASE

CHICAGO, Dec. 4.—Col. Charles Alexander of Providence, R. I., millionaire, alleged author of love poems which referred to himself as a trickery modern Alexander with more words to conquer, and Miss Jessie E. Cope of Los Angeles, said to be the person named in his letters as his "girl from the golden west," are under the eyes of the federal court tonight. Alexander, who is a member of a prominent New England family, and is sixty-two years old, was arrested at Providence on information charging him with violation of the Mann act in transporting Miss Cope about the country and finally establishing her in a bungalow in the Berkshires.

Miss Cope, who is half the age of Alexander, and whose identity is said by federal officials to be prominent socially in California, is under surveillance here. The indictment against Alexander is said by United States District Attorney Cline to have been voted here and will be returned Monday. It is also stated the Grand Jury would consider charges of extortion against Miss Cope.

The break between the aged New Englander and the girl of his poems occurred about five months ago, according to federal officials, when Miss Cope, sending a growing coquetry to Alexander, came to Chicago and told her story to Milton Chabach, superintendent of the local bureau of the investigation department of justice. The Grand Jury investigation followed.

MONARCHS WITHOUT A COUNTRY ARE BELGIUM'S KING AND QUEEN

This new picture of the King and Queen of Belgium has just reached the United States. "Of all the heroes of this enormous war who will live in the memory of man," says MasterLock, the famous Belgian author, "one of the purest, one who can never be loved enough, is the great young king of my little country—the most sensitive and mildest of men, discreet, silent, of delicious timidity, who loves his people no less than a father loves his children."

Ever since the war started King Albert has personally led his gallant little army. Thinking only of the welfare of his people, he has forgotten self, and even his enemies say of him that he is every inch a king.

TEMPE CAPITALIST VISITING IN CITY MARVELS AT GROWTH

That Bisbee is the best community in the state of Arizona is the opinion of Roland Johnson, vice president of the Pacific Creamery Company and one of the leading business men of the state. Johnson, who resides in Tempe, is a business visitor in the District at the present time and is accompanied by J. G. Cook, president of the company.

Both men are extensively interested in Salt River valley business conditions. The Arizona factory of the Pacific Creamery Company is located in Tempe and the principal product of the company is the justly famed Lily brand condensed milk.

Cook is a well known capitalist of the Salt River valley and is more conversant with conditions in the valley than the average business man. The

farmers of the Tempe, Chandler, Mesa and Haystack sections of the valley do a great amount of business with the Pacific Creamery Company and the officials, of necessity, keep in close track with business conditions.

Cook's mission in Bisbee, at the present time, is to straighten out some mortgage business. Several Bisbee capitalists have made extensive loans on Salt River valley land and since the crash of the Valley Bank in the capital, all of these have to be straightened out.

In speaking of general business both the president of the company and the sales manager were more than optimistic. Both declared that Bisbee was the best town in the state at the present time and gave every appearance to remain so. Johnson, also, is in fairly good shape, declared the visitors.

Arizona, in the opinion of Johnson, is only temporarily affected by the business depression that has struck the whole country and will respond quickly to the first signs of recovery. Both men expect to leave Bisbee this morning for other points in the state.

HARBIN STATED AS JONES' ASSISTANT

PHOENIX, Dec. 4.—George W. Harbin, city attorney of Williams, is to be the new assistant attorney general, according to reliable information received here. Wiley F. Jones, the new attorney general, who was appointed to the place when George Purdy resigned, is in Tucson but will be here Saturday to take up the duties of his office.

It is understood that in the course of the campaign Jones promised the northern man that he should be his assistant. Harbin made several political speeches in the northern section and never forgot to put in a good word for Jones. He is well known and highly popular in the north and in Phoenix, where he is a frequent visitor.

There are numerous applicants for the position of assistant United States district attorney, vacated by Jones, but W. L. Harbin of Phoenix appears to be the most likely to land the place. Harbin was an attorney in Oklahoma and is a lawyer of considerable ability. For some time he has been attorney for the Arizona "Cattle Growers' Association" and the Lovessock Sanitary Bureau.

CONFIDENT CARRANZA WILL WIN OUT

WASHINGTON, Dec. 4.—Rafael Zubizar, Carranza agent here, made public tonight a telegram from Obregon, dated yesterday at Vera Cruz, declaring his confidence in the success of the Carranza faction. It became known tonight that General Obregon, who declared a new revolution against Carranza upon the fall of Huerta, passed through Washington several days ago on his way to New York. Obregon is understood to be heading for Canada to join his wife.

Obregon's message said: "You can feel assured we have honest men in sufficient numbers to overthrow the power of the reactionary movement headed by Villa. We look upon the present struggle as a necessary evil, which will afford us a splendid opportunity to set definitely in relief those who like ourselves, are fighting for principal around those whose only inspiration is selfish ambition. The northeastern army corps under my command is well equipped and disciplined, and its ranks are swelling each day. From among the students alone, 400 have enlisted. Public opinion is with us, just the same as when we fought against Huerta and it cannot be easily diverted. Regarding the union of Villa and Zapata and Angeles, you may remain at ease. The bad faith of such of these men will rear poison of their union."

Due to the fact that the building was occupied at the time it was burned and for some time before the fire, the loss to Lee will be complete. It is not known if insurance was had on the place but the matter would make little difference. The value of the property and the contents of the house was judged to be in the neighborhood of \$120.

INDIANA LEGISLATORS INDICTED FOR GRAFT.

INDIANAPOLIS, Dec. 4.—Lieut. Governor William O'Neill, Homer Cook, Speaker of the House in the 1913 legislature, who recently became secretary of state, and other officers and members of the Patronage Committee of the 1913 legislature were indicted tonight, charged with signing warrants to pay employees in excess of amounts fixed by law, for more employees than were allowed.

WELCOMED HOME.

PHILADELPHIA, Dec. 4.—The expeditionary force of 2,000 marines which arrived from Vera Cruz on three transports massed on the parade grounds and were complimented today. Thousands immediately left on thirty day furlough granted by Secretary Daniels. Others get their furlough later.

A Nervous Wreck

Had No Desire To Live — Peruna Is A Tonic and Strength Builder So Says

Mrs. Frank Strober, R. F. D. 1, Appleton, Wis. Her letter reads: "I began using Peruna a few months ago when my health and strength were all gone, and I was nothing but a nervous wreck. Could not sleep, eat or rest properly, and felt no desire to live."

"Three bottles of Peruna made me look at life in a different light, as I began to regain my lost strength. While my recovery took nearly four months, at the end of that time I was better than I ever had been before. I had a splendid color and never weighed more in my life."

"I certainly think Peruna is without a rival as a tonic and strength builder, and it has my endorsement." Mr. Charles Brown, R. R. 4, Box 79, Rogersville, Tenn., writes: "I have tried many different remedies, but have found that Peruna is the greatest tonic on earth, and a perfect system builder."

MARKET BETTER IN INVESTMENTS WHEN SALES ARE EASIER

Monetary Conditions Again Show Relaxing Tendency and Call Money is Freer—Stocks Show Slight Raise on Open Market.

NEW YORK, Dec. 4.—Investment conditions were more promising today. This was demonstrated by the ready sale of \$12,700,000 in Canadian Pacific Railway, four and one-half percent, trust certificates offered by a banking syndicate.

There was also further extension of inquiry for short term notes, including New York City notes which retained their recent advantage. Monetary conditions were again a pronounced factor of relaxation, thirty to sixty day loans being most apparent. There was evidently a larger supply of call money at three and one-half percent and most time renewals were reduced to five percent on prime collateral.

There were few changes and mainly the direction of improvement was seen in the list of stock prices issued by the exchange. People's gas of Chicago gained two points, St. Paul one and one-quarter with fractional advances for Pennsylvania and Union Pacific.

Trading in bonds was marked by more narrowness and smaller offerings, with an irregular mixture of gains and losses with the gains extended generally from one to four points. Virginia debt certificates rose nine points.

Smelting preferred, 97. Santa Fe, 20. St. Paul, 84. New York Central, 51. Pennsylvania, 105 1-8. Reading, 128. Union Pacific, 113 1-2.

MEXICAN FILIBUSTERS KILL THREE COWBOYS.

EL PASO, Dec. 4.—American cowboys Carl Eck, William Bishop and William Spencer met death in Mexico being dragged by ropes behind running horses. This is shown by the bodies which arrived here for internment at their homes. They were killed one month ago supposedly by Mexican filibusters at Chocolate Pass in central Chihuahua.
